

WINE

We have wines which we feel reflect the world's most interesting wine regions and styles – old, new, established, iconoclastic, white, red, pink... We do not have a specific focus and we are a broad church.

At the lower end of the list our wines have been sourced from small producers and lesser well-known importers. At the top we hope to represent some of the world's best wines and winemakers (some of which are only available in the UK on this list) at particularly good prices.

Serious winemaking here with an unmistakable Roussillon style.
- 2015 **Pierre Frick, Macération Vorbourg Grand Cru** £70
